#### **DETAILED ACTION**

## Response to Amendment

1. The amendment filed on September 30, 2004 is sufficient to overcome the 35 U.S.C. 102 rejection as being anticipated by <u>Biorge et al</u> (5,806,045) and the 35 U.S.C. 103 rejections as being obvious over <u>Biorge</u> in view of <u>Eggleston et al</u> (6,061,660) and <u>Storey</u> (5,774,870). The amendment canceled Claims 4-6, 9-13, 19, and 21; amended Claims 1-3, 7, 8, 14-17, 20, and 22-25; and added new Claims 26-32. Therefore, the currently pending claims considered below are Claims 1-3, 7, 8, 14-18, 20, and 22-32.

### Information Disclosure Statement

2. The information disclosure statement filed July 15, 2004 fails to comply with the provisions of 37 CFR 1.97, 1.98 and MPEP § 609 because it does not list the inventor's name of each reference cited. However, since the Applicant submitted papers which supposedly corresponded to the cited references, but only contained an abstract for each, the Examiner has reviewed and considered these abstracts, but not the entire references. If it is desired to have the entire references considered, the Applicant is advised to resubmit the Information Disclosure Statement in proper format in accordance with the provisions of 37 CFR 1.97, 1.98 and MPEP § 609. Applicant is advised that the date of any re-submission of any item of information contained in this information disclosure statement or the submission of any missing element(s) will be the date of submission for purposes of determining compliance with the requirements based

on the time of filing the statement, including all certification requirements for statements under 37 CFR 1.97(e). See MPEP § 609 ¶ C(1). Additionally, pages 7-10 of the 1449 form were missing.

## Claim Objections

- 3. Claim 26 is objected to because of the following informalities: in the second line the word "royalty" should be "loyalty". Appropriate correction is required.
- 4. Claims 27-32 are dependent upon Claim 23, which is a "computerized system". Claims 27-32 all refer to "The computerized method ... as claimed in claim 23". The word "method" in the first line of each of these claims should be changed to "system". Appropriate correction is required.
